The aforementioned healthcare providers shall for the purposes of the GEMS Rules be referred to as "Designated Service Providers".

### 3. Prescribed Minimum Benefits obtained from Designated Service Providers

100% of the contracted rate in respect of diagnosis, treatment and care costs of Prescribed Minimum Benefit Conditions, if those services are obtained from a DSP.

### 4. Prescribed Minimum Benefits voluntarily obtained from other providers

If a Beneficiary voluntarily obtains diagnosis, treatment and care in respect of a Prescribed Minimum Benefit Condition from a healthcare provider other than a DSP, the benefit payable in respect of such service shall be the Scheme Rate as defined in Rule 4.37, where a DSP exists. Where a DSP does not exist, the benefit payable in respect of such service shall be 100% of the cost.

### 5. Prescribed Minimum Benefits involuntarily obtained from other providers

- 5.1. If a Beneficiary involuntarily obtains diagnosis, treatment and care in respect of a Prescribed Minimum Benefit Condition from a healthcare provider other than a DSP, the Scheme shall pay 100% of the cost in relation to those Prescribed Minimum Benefit Conditions.
- 5.2. For the purposes of paragraph 5.1 above, a Beneficiary shall be deemed to have involuntarily obtained a service from a healthcare provider, other than a DSP, if:
  - The service was not available from the DSP or would not be provided without unreasonable delay;
  - 5.2.2. Immediate medical or surgical treatment for a Prescribed Minimum Benefit Condition was required under circumstances or at locations which reasonably precluded the Beneficiary from obtaining such treatment from a DSP; or

- 5.2.3. There was no DSP within reasonable proximity to the Beneficiary's ordinary place of business or personal residence.
- 5.3. Except in the case of an emergency medical condition, a Member shall notify the Scheme prior to him/her or any of his/her Dependants involuntarily obtaining a service from a healthcare provider other than a DSP in terms of this paragraph 5.3, to enable the Scheme to confirm that the circumstances contemplated in paragraph 5.2 above are applicable.
- 5.4. If a Member fails to notify the Scheme in accordance with paragraph 5.3 above, the benefit payable in respect of such service shall be the Scheme Rate as defined in Rule 4.37.

#### 6. Medication

- 6.1. Where a PMB includes medication, the Scheme shall pay 100% of the cost of that medication if that medication is obtained from a DSP or is involuntarily obtained from a healthcare provider other than a DSP, and
  - 6.1.1. the medication is included on the applicable formulary in use by the Scheme; or
  - 6.1.2. the formulary does not include a drug that is clinically appropriate and effective for the treatment of that Prescribed Minimum Benefit Condition.
- 6.2. Where a PMB includes medication, a co-payment of 30% of the cost of the medicine and its supply shall apply if
  - 6.2.1. that medication is voluntarily obtained from a healthcare provider other than a DSP; and/or
  - 6.2.2. the formulary includes a drug that is clinically appropriate and effective for the treatment of a Prescribed Minimum Benefit Condition suffered by a Beneficiary, and that Beneficiary knowingly declines the formulary drug and opts to use another drug instead,

\$ 4 ((

and in the event of 6.2.1. and 6.2.2. above being applicable, the cumulative co-payment which becomes payable shall be 30%.

## 7. Prescribed Minimum Benefits obtained from a public hospital

Notwithstanding anything to the contrary contained in these rules, the Scheme shall pay 100% of the costs of PMBs obtained in a public hospital, without limitation.

### 8. Diagnostic tests for an unconfirmed PMB diagnosis

Where diagnostic tests and examinations are performed but do not result in confirmation of a PMB diagnosis, except for an emergency medical condition, such diagnostic tests or examinations are not considered to be a PMB.

### 9. Co-payments

Co-payments in respect of the costs for PMBs may not be paid out of Personal Medical Savings Accounts.

#### 10. Chronic Conditions

Any benefit option covers the full cost for services rendered in respect of the PMBs, which includes the diagnosis, medical management and medication to the extent that it is provided for in terms of a therapeutic algorithm as prescribed for the specified chronic conditions.

The list of chronic conditions which are PMBs include:
